Dear Doug.

Almost 20 years ago the concept for "Broadcasting / Cable Programming" started. And now five editions later it is an outstanding text for many, many students.

My congratulations to you on a very demanding job.

I've just received the book and although I haven't had an opportunity to read it through it looks great on a quick look-see.

I truly realize how much effort is involved so I'm sure you must take satisfaction in a task well done.

Sincerely,
Bew
